

Showcasing Solutions for Suppressing Dust and Addressing Environmental Concerns

May 27, 2019 at 10:00 AM EDT

Quaker Chemical Corporation Exhibits at EXPONOR 2019

CONSHOHOCKEN, Pa., May 27, 2019 /PRNewswire/ -- Mining companies today must cope with a wide variety of priorities. Ranging from operational effectiveness and cost efficiency to safety regulations to protect miners and the environment near where they operate.

To help companies overcome these challenges, **Quaker Chemical** (NYSE: KWR, "Quaker") will be showcasing their family of **DUSTGRIP® Dust Suppressants**, in Booth 435 and 436, in the Silver Pavilion at **EXPONOR CHILE 2019**, May 27-30, 2019, in Antofagasta, Chile (<http://www.exponor.cl/ingles/index.html>). Quaker will be exhibiting with a local partner for the mining industry in Chile, Pimasa, a leading provider of solutions for the natural resources industry and its derivatives.

DUSTGRIP® Dust Suppressants not only suppress dust but offer solutions for addressing environmental concerns such as:

- **Supporting a safe work environment** by increasing visibility and improving air quality
- Creating a cumulative effect thereby **reducing water consumption**
- **Ability to use with existing spray equipment**, and does not require post application rinsing of equipment, resulting in **reduced labor and equipment costs**
- **Non-corrosive**

With over 30 years of experience in the Mining industry, Quaker is dedicated to addressing the potential risks present in a mining operation, and providing solutions that meet new regulations and support a safe work environment.

For more information on how Quaker's line of dust suppressants please visit: <https://www.quakerchem.com/product-lines/dust-suppressants/>.
