Quaker Houghton Releases its 2024 Sustainability Report

CONSHOHOCKEN, PA., April 23, 2025 /PRNewswire/ -- Quaker Houghton (NYSE: KWR), the global leader in industrial process fluids, today announced the release of its 2024 Sustainability Report. The report details the Company's commitment to sustainability, and the progress made using its industry leading portfolio of products and services and data to See Beyond™ and lead our industry to stay ahead in a changing world.

Joseph Berquist, Chief Executive Officer and President commented, "Sustainability remains core to Quaker Houghton and how we operate. The significant progress made in 2024 highlights our commitment and ability to adapt, while continuing to move the world forward safely and sustainably. I am proud of the advancements we have made, and the external validation of this momentum, including once again achieving the EcoVadis Silver Award. Moving forward, we will continue to make data-driven decisions to inform and assess our ambitions, to best align with our enterprise strategy and the needs of our customers, Company and communities in which we operate."

Quaker Houghton's 2024 Sustainability Report details the progress the Company has made, including achieving 90% of its internal goals, and its unwavering commitment to its ongoing sustainability journey. Highlights from report include:

- Achieved a 7% reduction in Scope 2 greenhouse gas emissions, compared to 2023
- Eliminated more than 23,000 metric tons of waste in 2024 at QH FLUIDCARE™ partner locations, and over 70,000 metric tons since 2022
- 76% of our global electricity consumption is sourced from renewable or zero carbon sources
- 75% increase in average hours of employee training, compared to 2023
- Delivered an improvement in recordable incidents (TRIR) for a 5th consecutive year, building on our "Life Safe" core value
